Hakly Oeng

Software Developer

Email: helihaung@gmail.com   Phone: 612-245-6788   City: Winston Salem, NC   Portfolio: http://haklyoengportfolio.netlify.app

PROFILE

Being new to software development, I enjoy learning new things and solving problems. As demonstrated in my BugTracker,   https://venusarchive-production.up.railway.app built in C#, you will see how I have taken on the challenges of creating a ticketing system used to identify issues in the software. I believe in my desire to learn and improve is of use to the team.

SKILL

.NET Technologies
- C#
- ASP.NET Core
- ASP.NET MVC
- .NET Framework 4.8.1/4.8
- Entity Framework
- LINQ
- Web API (Rest)

Web Technologies
- HTML5
- CSS3
- JavaScript
- Bootstrap 5/4
- JQuery
- Chartjs

Database
PostgreSQL 16/15

Software/IDE
Microsoft Visual Studio 22/19
Visual Studio Code
pgAdmin4

Version Control
Git

Operating System
Windows 11/10

PROJECT

Bug Tracker
Is an application to keep track of Issue in the form of tickets of a Project. Based on the User's role, they can create tickets for Issues, assign member to tickets, and create projects to be tracked. Using C#, JavaScript, CSS, and Bootstrap.

The Blog
Is a personalized blogging application, that is operated by a single user. It makes it easy and fast to create and upload a short blog.

EDUCATION

High School Diploma
Kennedy High School 2015 | Bloomington, MN

Bootcamp: Coder Foundry - Full Stack Web Development
Certificate- 672 Hours / Web Development
Kernersville. NC
- Developed and deployed Full-Stack applications utilizing ASP.NET Core MVC leveraging Bootstrap, JavaScript and
- HTML technologies with robust PostgreSQL databases.
- Designed and constructed multiple front-end applications utilizing Vanilla JavaScript, delivering intuitive user experiences.
- Collaborated with CI/CD workflows on GitHub to ensure seamless integration and continuous delivery.
